### **Required Preparation Before Leading This Curriculum:**

1. Give the students the handout for each session including a hard copy and electronic version of the handout.
2. Give the students access to the session YouTube video links.
3. For best results, the instructor should familiarize themselves with the videos so that they can work through the examples with the students as a class.

## Benjamin Krumwiede | Evaluation Rubric

Oklahoma Academic Standards Addressed	Recommended Method of Assessing Student Progress	Notes for Instructor
M.CR.1: Generate musical ideas for various purposes and contexts.	Formative	Check the progress of the students' compositions each session.
M.CR.2: Select and develop musical ideas for defined purpose and contexts.	Formative	The students' compositions will become more and more detailed throughout the six sessions. Check to make sure that the students' work reflects each stage of progress.
M.CR.3: Evaluate and refine selected musical ideas to create musical work that meets appropriate criteria.	Formative	The videos and handouts give the students guidelines for writing a composition in Session 2. Ask the students questions to make sure that the students understand these guidelines.
M.CR.4: Share creative musical work that conveys intent, demonstrates craftsmanship, and exhibits originality.	Summative	Recommend that the students give their composition to a musician at the end of the course to learn and play. The instructor should help the student prepare the music so it is ready for a musician to read.
